Field Name Field Description Data Description Required

I have a MacBook (OS X Snow Leopard) and I am unable to edit the "Description" field in my PDF files. I download a lot of e-books from third-party websites and when I get them their "Title" is sometimes garbled (i.e. ABC_123.pdf) and although I change the "File" name, that does not change the "Title" field and I am unable to add anything to the description like author, title etc.

How do you edit "Description" field? | Adobe Community

Description The Second Edition of this unique pocket field guide has been thoroughly revised and updated to include advances in physical volcanology, emplacement of magmas and interpreting structures and textures in igneous rocks. The book integrates new field based techniques (AMS and geophysical studies of pluton shape) with new topics on magma mixing and mingling, sill emplacement and magma sediment interaction.
