An android is a robot or other artificial being designed to resemble a human, and often made from a flesh-like material. Historically, androids were completely within the domain of science fiction and frequently seen in film and television, but recent advances in robot technology now allow the design of functional and realistic humanoid robots.

The phrase â€œscanning documentsâ€• used to mean spending a silly amount of time in front of a bulky machine, waiting for it to take a physical piece of paper and make it digital. But this is the mobile age, where nearly anything can be done with a phone. And scanning text-searchable documents is stupid easy with little more than your phoneâ€™s camera.
